

The figure displays a 5x5 grid of 25 ECG traces. Each trace represents a different heart rate and rhythm pattern. The traces are arranged in five rows and five columns. The first row shows a regular rhythm with a heart rate of approximately 75 bpm. The second row shows a regular rhythm with a heart rate of approximately 100 bpm. The third row shows a regular rhythm with a heart rate of approximately 150 bpm. The fourth row shows a regular rhythm with a heart rate of approximately 200 bpm. The fifth row shows a regular rhythm with a heart rate of approximately 250 bpm. The traces are labeled with their respective heart rates and rhythms: 75 bpm, 100 bpm, 150 bpm, 200 bpm, and 250 bpm.
